

CCS HCS SCS SB 635 -- FINANCIAL TRANSACTIONS

(Vetoed by the Governor)

This bill changes the laws regarding financial transactions.

SECURITY OF MONEYS DEPOSITED BY THE STATE TREASURER (Section 30.270, RSMo)

Currently, an irrevocable standby letter of credit issued by a Federal Home Loan Bank must possess the highest rating issued by at least one nationally recognized statistical rating agency in order to be acceptable collateral for public deposits. The bill repeals the requirement that the letter be issued by a Federal Home Loan Bank possessing the highest rating and allows a letter of credit issued by any Federal Home Loan Bank to be an acceptable collateral for public deposits.

PREFERENCE FOR MISSOURI PRODUCTS (Section 34.070)

Currently, any agricultural product that has been processed or otherwise had value added to it in this state must be given preference by the Commissioner of Administration or any state agent with purchasing power whenever competing bids are comparable. The bill requires forest products and bricks that have been processed or had value added to them in this state to also receive the preference.

SCHOOL FOUNDATION FORMULA (Section 163.024)

The moneys received in the school fund of Iron County, Reynolds County, Jefferson County, and Washington County from the payment of a civil penalty pursuant to a consent decree in 2011 in the case of United States of America and State of Missouri v. the Doe Run Resources Corporation d/b/a "The Doe Run Company" and the Buick Resource Recycling Facility, LLC, because of environmental violations cannot be included in any school district's local effort calculation for purposes of the school foundation formula.

This provision expires July 1, 2016.

AGRICULTURAL EDUCATION IN PRIVATE SCHOOLS (Section 178.530)

The State Board of Education within the Department of Elementary and Secondary Education must develop standards for agricultural education that may be adopted by an appropriately accredited private school in order to qualify the school to apply to the state chapter of the Future Farmers of America for the approval of a local chapter. The standards must be consistent with the federal Vocational Education Act, but the private school will not

be eligible to receive state or federal agricultural vocational education funding and must annually reimburse the department for the cost of oversight and maintenance of the program.

MAINTENANCE OF PRIVATE ROADS (Sections 228.341, 228.368, 228.369, and 228.374)

The bill specifies that when adjoining homeowners who have an easement or benefitted homeowners for any private road subject to the use of more than one homeowner, in the absence of a prior order or written agreement for the maintenance of the road, are unable to agree in writing upon a plan for the maintenance, repair, or improvement of the private road, one or more of the homeowners may petition the circuit court for an order establishing a plan of maintenance. The cost of the plan must be apportioned among the homeowners according to the use and benefit to the residential property benefitted by the access as mutually agreed by the homeowners or as ordered by the court. The court may order a plan or may appoint disinterested commissioners to determine a plan and the apportionment of costs. Any agreement executed by all owners for, or final order approving, a plan of maintenance must be recorded with the county recorder of deeds. One or more adjoining landowners or holders of an easement to use a private road may bring an action to enforce the maintenance plan, whether as mutually agreed or as ordered by the court. The bill allows a prior agreement or court order establishing a plan of maintenance to be amended or modified and to be restated at any time by a recorded agreement signed by all the homeowners or other benefitted owners. A court proceeding to amend, modify, or restate a plan of maintenance cannot be filed sooner than seven years from the entry of a prior order unless there is prima facie evidence showing that the real property benefitted by the private road has been developed or divided in a manner rendering the plan of maintenance obsolete or showing that the existing apportionment of the use and benefit is no longer equitable.

A private road does not include any road that is owned by the United States; the State of Missouri; or any political entity, instrumentality, or agency of the state. The provisions of the bill do not apply to any road created by or included in any recorded plat referencing or referenced in an indenture or declaration creating an owner's association or to any land or property owned or operated by a railroad regulated by the Federal Railroad Administration.

WATERCRAFT, VEHICLE, AND TRAILER LIENS (Sections 301.600 and 306.400)

Currently, on a refinance of a loan secured by a watercraft, motor vehicle, or trailer, a lien is perfected by delivering the

notice of lien to the Director of the Department of Revenue. The bill specifies that this provision applies only to a refinance by a different lender on a prior loan.

The provisions of the bill regarding career and technical student organizations contain an emergency clause.
